There were 15 motor vehicle stops and two reports of loose cows.

Saturday, Nov. 12, 2016

1755 A Glasgow male reported a disturbance at Subway. It was hard to get him to go any further into details, but Dispatch could hear someone yelling in the background. The caller was breathing hard and appeared to be hesitating at the Dispatcher's questions. The person who started the disturbance had no weapons. An officer was notified. He said the supervisor was assaulted, but did not need an ambulance. The officer left the scene with one adult male arrested.

1823 A Glasgow female reported an older gray, possibly an Explorer, that just drove around their house near Candy Cane Park going about 40-45 mph. She said if a child would have been outside, they would have been hit with as reckless as the vehicle was driving. At 1821, the caller called back to say they found the vehicle and confirmed it was an Explorer sitting by the vacuums at Scottie Car Wash. She said the vehicle drove recklessly in there as well. An officer was made aware of this call.

1907 A deputy called in about a vehicle at St. Marie that was off the road and was not a hazard.

2108 A Glasgow male caller caught a couple guys illegally hunting on his property. They are now heading down Cornwell Rd. toward Hwy. 2 in a gray S-10 pickup. He stated the passenger had a beard and the driver was clean faced. He stated they were going at a high rate of speed. At 2110 he called back to say it was a Toyota pickup, extended cab, 4-door and had a mule deer in the back. A deputy was made aware of this and was going to make this report to F&G as this was the fourth one today.

2243 A deputy made a motor vehicle stop and the subject stated he was heading to the ER as his nose was broken and he was having trouble breathing.

2300 A deputy was out at FMDH ER with a subject who stated somebody ran up behind him and hit him in the nose at a place in St. Marie. The deputy advised that he patrolled the area in St. Marie and didn't see anyone.

Sunday, Nov. 13, 2016

0807 A male Glasgow caller advised he shot a deer yesterday and attached the tag per the rules. He said that when he came out of his hotel this morning, the tag was gone and he didn't know what he needed to do to be able to go back to Billings with the deer. He was patched up with F&G.

1659 A Glasgow male reported his neighbors' music was very loud. Dispatch was able to hear the music while on the phone with him. He said it was happening the other night also, and would like an officer to speak with the people about it. He believed it was coming from the person living in the tent in his neighbor's front yard. An officer went to the scene and the music was pretty loud. The suspect was going to turn it down, and was only going to be staying there a little while. He was told to go speak to the chief to see if he could stay in the tent, and if not, he was going to have to move his tent.

1720 A deputy advised there was a mule deer laying in the middle of the highway at Farm Equipment Sales, and he was going to drag it out of the road-

way. There was a plate at the site where the deer was and an SUV just ahead on the highway with people outside walking around the vehicle. Another subject stopped when he was pulling the deer off wanting to know about a roadkill tag. He will call F&G to see how to handle it. MHP Dispatch was also notified. The vehicle was hit on the driver's side front grill. The driver's headlight was inoperable and the grill guard is caved into the hood. The deputy believed this would be well over \$1,000 in damages. There were no injuries and the vehicle was drivable. The deputy ran the license plate and a DNQ on the driver and came up with a female suspended out of Montana with an expiration date of 1998. The deputy notified another deputy and requested he confirm the DOB he found.

1926 An employee at Raiders Quick Stop in Hinsdale called in two drive-offs that had just occurred. A black truck, maybe like a cargo truck, pulling a long trailer and had loud exhaust. The second for \$8.09 could have been the same people filling up a gas can, but he couldn't see from where he was. At 1929 he called back to say he had two people who saw this truck and they told him it was a Chevy truck and there were 2 four-wheelers on the trailer. It turned down Main Street in Hinsdale, so they were going to see if it went to the bar. The employee at Raiders called back to say that these individuals came back and both paid their amounts in full.

2332 A Glasgow male caller stated two dogs have been barking for over two hours. He doesn't know the exact address, but it was west of the Food Bank in a large yard with a chain link fence. He stated they barked all the time.

Monday, Nov. 14, 2016

0920 A Glasgow male reported his border collie/pit bull dog was missing. The dog was an adult intact male by the name of Fester and was not aggressive. He was medium sized, about 50 pounds wearing a blue and black collar, and had been missing since last night.

1221 An officer reported being enroute to assist with traffic control for a motor vehicle accident. He was clear of the scene at 1229.

1252 A juvenile offense was investigated for a minor in possession of tobacco.

1453 A citation/warning was issued in Glasgow for a juvenile tobacco violation.

1627 A Nashua male reported that another male spun out in front of B&B Foods and Agland in Nashua. He was last seen headed toward US 2 driving a black Honda Civic. The caller had this on video and he will sign a complaint. An officer located the subject at the Event Center and issued a citation.

1632 Roosevelt 911 requested a deputy to assist an officer in Frazer. They are doing an investigation.

1816 A Glasgow male said his cat recently bit someone, and it had already been reported. He said the Health Department wanted the cat held for observation. He doesn't know where he's supposed to take the cat for observation.
