1205 – A male called in after giving another male a ride home. When they dropped him off, it was apparent that the vehicle had been gone through and there was broken windows. He suspects that something was put in the gas tank. A deputy was informed and headed in that direction.

1322 – A male wanted to speak with an officer about being a witness to items he is giving back to another male. The males had a falling out over renting issues so he would like someone to see the items he has before he gives them back. He said the other is now harassing him and saying that he stole items when the male knew the items were in the caller's possession. A message with the male's number was sent to a deputy. At 1412, the deputy contacted the male in the
