Monday, May 8

1734 – Caller reported someone told him the back door to the convenience store was busted. He stated he would like to file

a police report. The caller also stated a volunteer for the store had driven by several hours ago and saw the back door was broken, then Facebook messaged him. The volunteer also stated there were candy bars all over the place and shut the door when they left.

2142 – Caller reported when she got home she discovered food in her backyard. She clarified it was almond bark that was stored under her washing machine that was found in the backyard. At the end of the call, she said that the almond bark looks like it had been taken out of the packaging, broken up, tossed on the ground and then placed back in the packaging. The caller stated the individual must have come through the front door

which was unlocked. The gates to the backyard are difficult to open, it would take adult strength and height to open the gate. The caller stated they have had issues with kids in the neighborhood. She wanted this reported in case there are issues in the area but is not super concerned, just found it weird.

Tuesday, May 9

1121 – Reporting party called in stating she got a “weird” phone call, from a male who said he was with the Butte-MHP, they had information that her identity has been stolen. They said also they were contacted by officers in Colorado that they have a vehicle associated with the reporting party that has drug residue in it. She said she asked the male if he could call back in a little while so she could check on it. The caller stated he kind of got upset about this but told her to go ahead. At 1103 hours, dispatch called the number that was provided by the reporting party. The number did not go to the Butte MHP, a female answered and was asked by dispatch if she or any coworkers had called or knew about the initial call. It was determined it was a scam call as Butte MHP would not call about this type of incident anyway.

1228 – Caller advised that last Friday a truck dropped off a conveyor, possibly for a rock crusher, a 1960s model. It looks like the wheel bearing went out and it's parked on the approach to Fox Farm Road. The school bus cannot pick up or drop off kids safely now. The caller provided the plate numbers and believes it may be out of Bozeman so may not be coming back for the equipment. At 1353, deputy advised there was a phone number that was spray painted, so the deputy called and left a message. If she doesn't hear from them, she will have someone get this equipment.

1423 – Caller said someone left a bike in his yard. He stated he put it on Facebook to see if someone would claim it and they didn't. He said it isn't in the best of shape but it is still someone's bike. An officer was notified who advised another officer will take the bike to the bike shed when he comes on shift. A description of the bike was provided.

1430 – BNSF police called in stating a passing train saw three trespassers just north of the provided address. There were two males with a dog and one female. A description of the persons were provided. At 1437, an officer advised he checked the area and patrolled around a couple of blocks, but was unable to locate.

1636 – Reporting party called stating someone clipped his truck. The other driver took off. At 1642, an officer advised it is private property accident with minimal damage. The drivers will

handle the situation themselves.
Wednesday, May 10

0058 – Reporting party stated there is a man on the west side of her house, who is crying, wailing and saying “Oh God.” He may also be vomiting. She says he is really loud and wants an officer to check it out. At 0103, an officer requested a deputy be contacted to help him get the four-wheeler off the man.
